

## CityLeague Crew Expectations

---

Being a volunteer for CityLeague is about getting cheap skiing and having fun – BUT – it's also about making a great and safe race course for our racers so they have fun.

A discounted CityLeague season pass for Snoqualmie & Alpental is available for you to purchase from The Summit, provided you agree to meet the following expectations during the race season:

- You can commit to working at least 5 of the 7 weeks of racing (preferably all 7!).
- You show up ready to work on the hill between 5:30 and 6:00 the night(s) you are assigned to work.
- You contribute to set-up and take down each night.
- If you cannot be there – you notify Jack as early as possible so there is time to find a sub.
- You conduct yourself in a responsible manner on the hill – You ARE representing CityLeague.
- You are nice to our racing customers. Remember – without them there is NO CityLeague.

NOT meeting the above expectations can result in the cancellation of your pass at any time with no refunds.

Other Information:

- Please do not ask us for discounted passes for your friends or family. We have to pay a fee on each discounted pass. We are a small business trying to stay afloat for another race season.
- Do not share your discounted pass purchasing info with anyone else. If someone else tries to purchase a pass who is not crew – their pass will be revoked with no refunds if they are not on our crew list.

Thank you,  
Jack & Wendy
